"This kind can only come out through prayer and fasting," was the response a great teacher gave to his followers when they inquired as to why certain strongholds seemed impossible to break free of... If I could add to this profound statement, I might instead say "This kind can only come out through Soul Awarapy." Such was the case with me who at 35 years old had achieved great spiritual, worldly and material success. But beneath it all, there was very real trouble and sorrow. Having had a dream that directed me to seek Reverend Darlene's counsel, I had no problem obeying my spirits call. I was open and ready. The results were transformative and literally a white light experience... I knew I would never be the same again. I was finally free.
